This week we interviewed Nayra from Seville. She's a designer.

When did you first use a computer?

I first used a computer in 1986 in Seville. I bought an Amstrad computer. There was no mouse and it was very slow.

You work in an office in London now. What do you use at work?

I use a modern PC. We have the Internet and I can communicate with people in Spain by email for my job.

Do you have the Amstrad at home now?

No, I don't. I bought a Macintosh computer in 1999. It was very expensive but I like it.

You have a laptop computer too.

Yes, I bought it last month. It was cheap. Now I can work where I like. I can work in the garden! It's brilliant.
